

June

STEM Lab for Kids

Thursday, June 13, 2-4 p.m.

Grades K-6. Calling all future scientists and curious kids! Explore science and nature with various activities related to wind and weather. Drop in for as little or as long as you want.

Chemists in the Library

Saturday, June 29, 1:30-3 p.m.

All Ages. Learn about the wonders and excitement of chemistry with easy-to-do activities led by this volunteer group of chemistry students, teachers, and professionals eager to share the science with all ages.

July

Mini (Low-Tech) Movies*

Thursday, July 11, 2-3:30 p.m.

Entering grades 3-6. Explore the origin of movies and make zoetropes, thaumatropes or phenakistoscopes. Take home a mini low-tech movie to share with friends and family!

Super Hero Academy*

Thursday, July 25, 2-3 p.m.

Grades K-3. Join us for superhero stories and activities. You will have a chance to create a super identity and practice your hero skills.

**Online Registration Required*

August

Stuffed Animal Show*

Thursday, Aug. 1, 10-10:30 a.m.

Entering K-grade 3. Bring your own stuffed animal, and join Zip the chipmunk and his friends in this interactive show filled with wacky sounds and voices. A tiny-sized pretend tea party for the stuffed animals will follow.

STEM Lab for Kids

Thursday, August 8, 2-4 p.m.

All Ages. Calling all future engineers and architects! We've got the bricks, tiles, blocks and more, but we need you to bring your imagination to explore building. Drop in for as little or as long as you want.

I Survived the Library*

Thursday, Aug. 22, 2-3 p.m.

Grades 2-6. Can you build a structure that would survive an earthquake? Or build an unsinkable boat? Fans of the "I Survived" series can explore the science of disasters in this program.
