BOLD GOLD is coming to Day Camp!

The YMCA has a long history of connecting young people to nature. Wilderness tripping is often a peak adventure for many youth. We hope to provide our older campers with an opportunity to have their first win out on the trail.

Our BOLD GOLD trips are unique from other camp opportunities, as we intentionally engage youth in a curriculum focused on leadership development and community building.

*Overnights are tentatively Wednesday night. (Details & packing lists will be emailed to participant families closer to the week of camp.)
